SUMMARY

I've been bringing the Sass (CSS joke) to the web since graduating in 2012. As a full-stack engineer, I've been dedicated to fostering collaboration through communication, mentorship, and empathy.

Passionate about continuous learning and technological advancement, I create software solutions that enhance and simplify users' daily tasks.

WORK EXPERIENCE

Electronic Arts
Software Engineer

Austin, TX, USA
Jan 2025 - Jun 2025
